

BUSHLANDS GAME LODGE • *HLUHLUWE*

It's been an exciting year at Bushlands Game Lodge and we are delighted at the birth of our new baby giraffe. Our Bushbaby Bar has experienced a mini facelift, with a fresh coat of paint and new upholstery. The boma is a special backdrop for guests to revel in both the bush atmosphere and the stories synonymous with a bonfire under the stars. Our knowledgeable rangers have enjoyed a prolific season with our guests in the game vehicles.

Bushlands is a bird watcher's delight, with numerous species on view – like the much sought-after Narina Trojan. Whether your preference is for catered accommodation in our newly refurbished lodge units or our spacious and comfortable self-catering units, you can cool off in the large swimming pool as giraffe, zebra or nyala amble uninhibited through camp – or simply relax on the verandas, soaking up the sights and sounds of Gooderson country.
