

Finding Finfoot

Prince's Grant Coastal Golf Estate

LISA KÖHLER VISITS PRINCE'S GRANT TO FIND OUT WHAT COLLECTING DATA FOR THE SOUTHERN AFRICAN BIRD ATLAS PROJECT 2 MEANS. PHOTOGRAPHY : ROD MACLEOD

A SOFT PREDAWN MIST MUFFLES THE SOUNDS OF OUR GOLF CART'S PROGRESS. More at home in game-viewing vehicles, the cart is an unusual mode of transport for *Wildside*. Spotting people with binoculars, anoraks and practical walking shoes, reassures us we have successfully found our 'birders'. This small group has offered to show us around Prince's Grant Coastal Golf Estate during their birding excursion. Gathered in front of Prince's Grant's lodge, this 'pragmatic-clad bunch' contrasts with the impressive grandeur of the architectural facade.
